Imagination- last activity

a field trip in Prambanan
took shelter in a reinforced bunker

a group of 21 but the bunker is only built for 10 people

orthopedic surgeon
carpenter
electrician
senator
organic farmer
phd in chemistry
mental health professional-psychotherapy
structural engineer
soldier
Mr. Zimit- wildcard

proposed to share ration and supply but cant since oxygen is limited

only 9 got into the bunker since they refused to let the man who killed the other not chosen inside.

the man was the bunker builder, he was the only one who knew the exit code

all 9 people inside the bunker died:
one from brain aneurysm other assisted/suicide, then hypoxia

2nd Scenario

Settings: Mont Bromo
Still a bunker and an apocalypse

structural engineer that is also an electrical engineer
phd in chemistry- genetic lottery

real estate agent also a midwife
nice housekeeper
mr.zimit

James and Jack doing it

they all died bc zimit opened the bunker when he was stabbed with a pen.

anegre of plato's cave

- a perso lives his entire life from when he is a little kid chained to a wall inside a cave, were all he ever sees are shadows and all he ever hears are echoes so he assumes that what reality really looks like and sounds like. then one day he is unchained and he realizes there were bodies casting shadow and voices making the echoes. Our idea of what's real are all just illusions

Third Scenario
